COURSE DESCRIPTION

This course introduces students to a holistic concept of health and the components of a health-enhancing lifestyle. Students will be invited to reflect on their own experience of health, recognizing challenges and resources that can affect lifestyle choices. Students will be introduced to a model that can be applied in other courses to understand the multi-faceted aspects of health and healing. Students will also be introduced to the concept of health from a local and global perspective and the factors that affect community health.

COURSE REQUIREMENTS

Prerequisite(s): None

Corequisite(s): Full-time enrollment in HCA program unless special permission provided by HCA Coordinator

EQUIVALENCY OR TRANSFERABILITY

Receiving institutions determine course transferability. Find further information at:

YUKON FIRST NATIONS CORE COMPETENCY

Yukon University recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, to graduate from ANY Yukon University program, you will be required to achieve core competency in knowledge of Yukon First Nations. For details, please see www.yukonu.ca/yfnccr

LEARNING OUTCOMES

www.yukonu.ca

Upon successful completion of the course, students will be able to:

- explain the interrelationship of physical, social, cognitive, emotional and spiritual determinants of health and their relationship to lifestyle choices.
- identify aspects of the HCA role which could lead to unhealthy stress and how to mitigate stress.
- describe how one's ability to think, reason, interpret, remember, assess, and solve problems is related to health.
- describe the complexity of the change process in relation to health promotion, including the effects of social, cultural and spiritual components on choices and behaviors.
- describe how one's choices affect one's environment and how the environment influences one's health and lifestyle choices.
- discuss factors affecting health in the community and plan a strategy for a healthier community.

COURSE FORMAT

Each class will have 3 hours of direct instruction time over the total of 15 classes. Instructional hours might include field activities, lectures, group work, learning activities, and may include guest speakers and other methods to optimize learning. It is expected that this course will require 2-4 hours/week of homework and additional reading. It is important to note that the time required for successful course completion will vary by individual.

Delivery format

This course is delivered on campus, in person. Students are expected to attend class and may be required complete assignments and/or activities online or individually. There may be no facility for including students at a distance. The format for each class will include:

- Opportunity for questions on previous material
- Introduction and integration of new material
- Assignments & preparation for next class

EVALUATION

Engagement and Participation	15 %
Wellness Journal	25 %
Personal Wellness Plan	35 %
Community Wellness Challenge	25 %
Total	100%

Engagement and Participation

This course is part of the HCA program which is experiential; therefore attendance is essential. Attendance means being at class on time every day, prepared for the class and participating to the end of the class. If student cannot be at class, student must notify the instructor in advance and arrange to get the class notes and information from classmates. Students are responsible for the information and materials of every class.

Participation includes active involvement in the activities of the classroom and completion of assignments, reading, quizzes, etc. Coming to class regularly, being on time, being prepared for the class, speaking up in class and handing in assignments when due will contribute greatly to student's success.

Assignments

Wellness Journal

The Wellness Journal is a reflective journal about the student's own health and wellness, experiences, insights, and the students' responses to specific topics assigned by the instructor throughout the course.

Personal Wellness Plan

This assignment is an action plan for positive change to enhance the wellness based on themes in student's wellness journal, health assessments, and discussions in class and with instructor. Student will plan and carry out a lifestyle change project and report on the outcome.

Community Wellness Challenge - Group Project

This assignment provides an opportunity to show evidence of learning by working in small groups to use a problem-solving approach and a change in health behavior/health promotion process to formulate a wellness plan which addresses a community wellness challenge.

Late Assignments/Work: For every day an assignment is late (after assigned due date) 5% will be deducted from the original paper grade.

- No assignment will be accepted more than one week (7 calendar days) following the due date unless arrangements are made with instructor of that specific course in advance of due date. Assignments not handed in one week after due date will receive a 0 (failing) grade.

COURSE WITHDRAWAL INFORMATION

Students may officially withdraw from a course or program without academic penalty up until two-thirds of the course contact hours have been completed. Specific withdrawal dates vary, and students should become familiar with the withdrawal dates of their program. See withdrawal information at www.yukonu.ca/admissions/money-matters
